

# The Revolutionary Science Behind DMK Skin Revision

Welcome to the Future of Skin Health

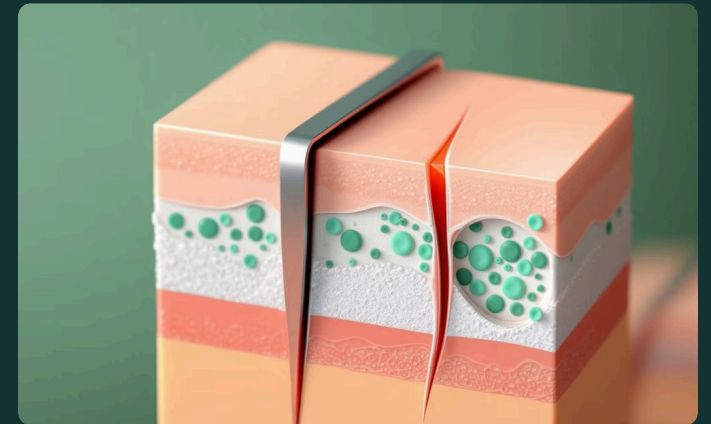

## Biochemical Innovation

Pioneering skin revision through advanced biochemical science, working at the cellular level to restore optimal skin function.

## Global Leadership

45+ years of innovation across 35+ countries, establishing DMK as the world leader in paramedical skin revision.

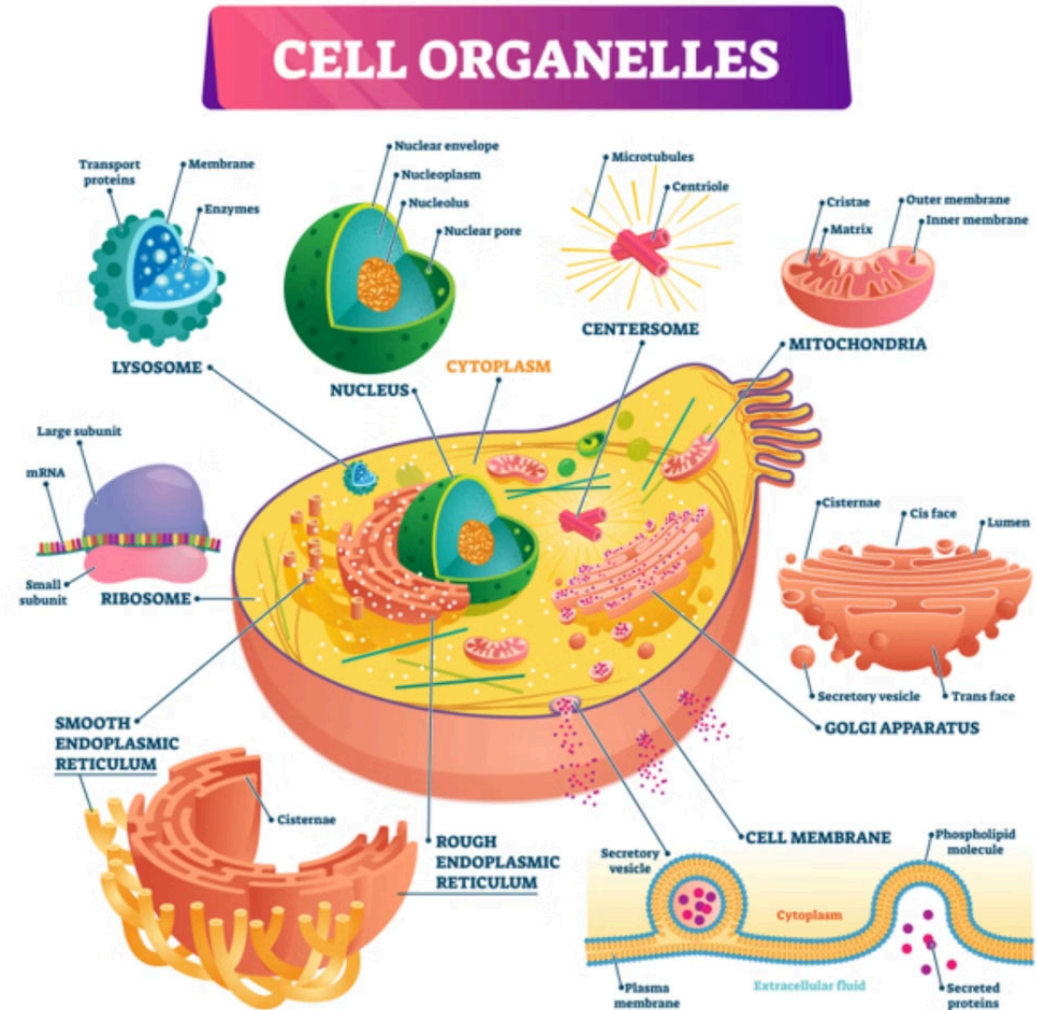

## Four-Step System

REMOVE. REBUILD. PROTECT. MAINTAIN.  
Our comprehensive approach uses enzymatic technology to revive skin from within.

# THE CELL

- A cell is the smallest unit of living matter; skin cells act like factories by taking in ingredients, manufacturing products for the skin, and packaging and sending them out.
- Our objective is to ensure cells' internal biochemical reactions are functioning optimally.

# The Science of Aging and Skin Dysfunction

## Why Does Skin Lose Its Vitality Over Time?

### **FACTS:**

- Collagen production **declines by 1% per year after age 25**.
- Cellular turnover **slows by nearly 50%** by the time we reach our 40s.
- Environmental toxins, inflammation, and glycation **accelerate skin deterioration**.

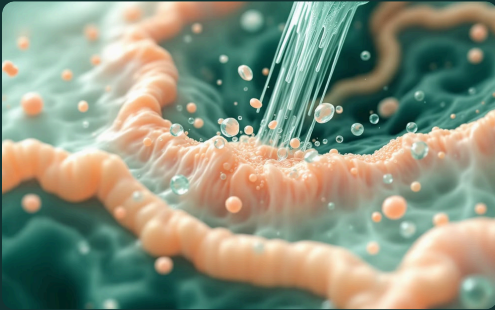

## Common Skin Dysfunctions:

- **Loss of elasticity and firmness** → Reduced fibroblast activity.
- **Acne, congestion, and dull skin** → Poor oxygenation & waste buildup.
- **Hyperpigmentation & uneven tone** → Overactive melanocytes & inflammation.
- **Dehydration & barrier damage** → Disrupted transepidermal water loss (TEWL).

 **SOLUTION?** DMK's paramedical approach restores your skin's natural factory.

# The Core Principle – DMK Works WITH Your Skin, Not ON It

Think of DMK like physical therapy for your skin—it retrains and optimizes function!

## REMOVE

Advanced detoxification process removes dead cell buildup and impurities, preparing skin for optimal function.

## REBUILD

Strategic stimulation of fibroblasts and collagen production revitalizes skin from within.

## PROTECT

Enhanced barrier function shields skin against external damage while supporting natural defense mechanisms.

## MAINTAIN

Specialized homecare solutions keep skin functioning at peak performance levels.

### **DMK's Enzyme Treatment - Animation of Enzyme Masque 1**

We are proud to present an in depth look into our world renowned signature treatment – DMK's Enzyme Therapy. This animation will help you understand how t...

# The Power of Enzyme Therapy – The Heart of DMK

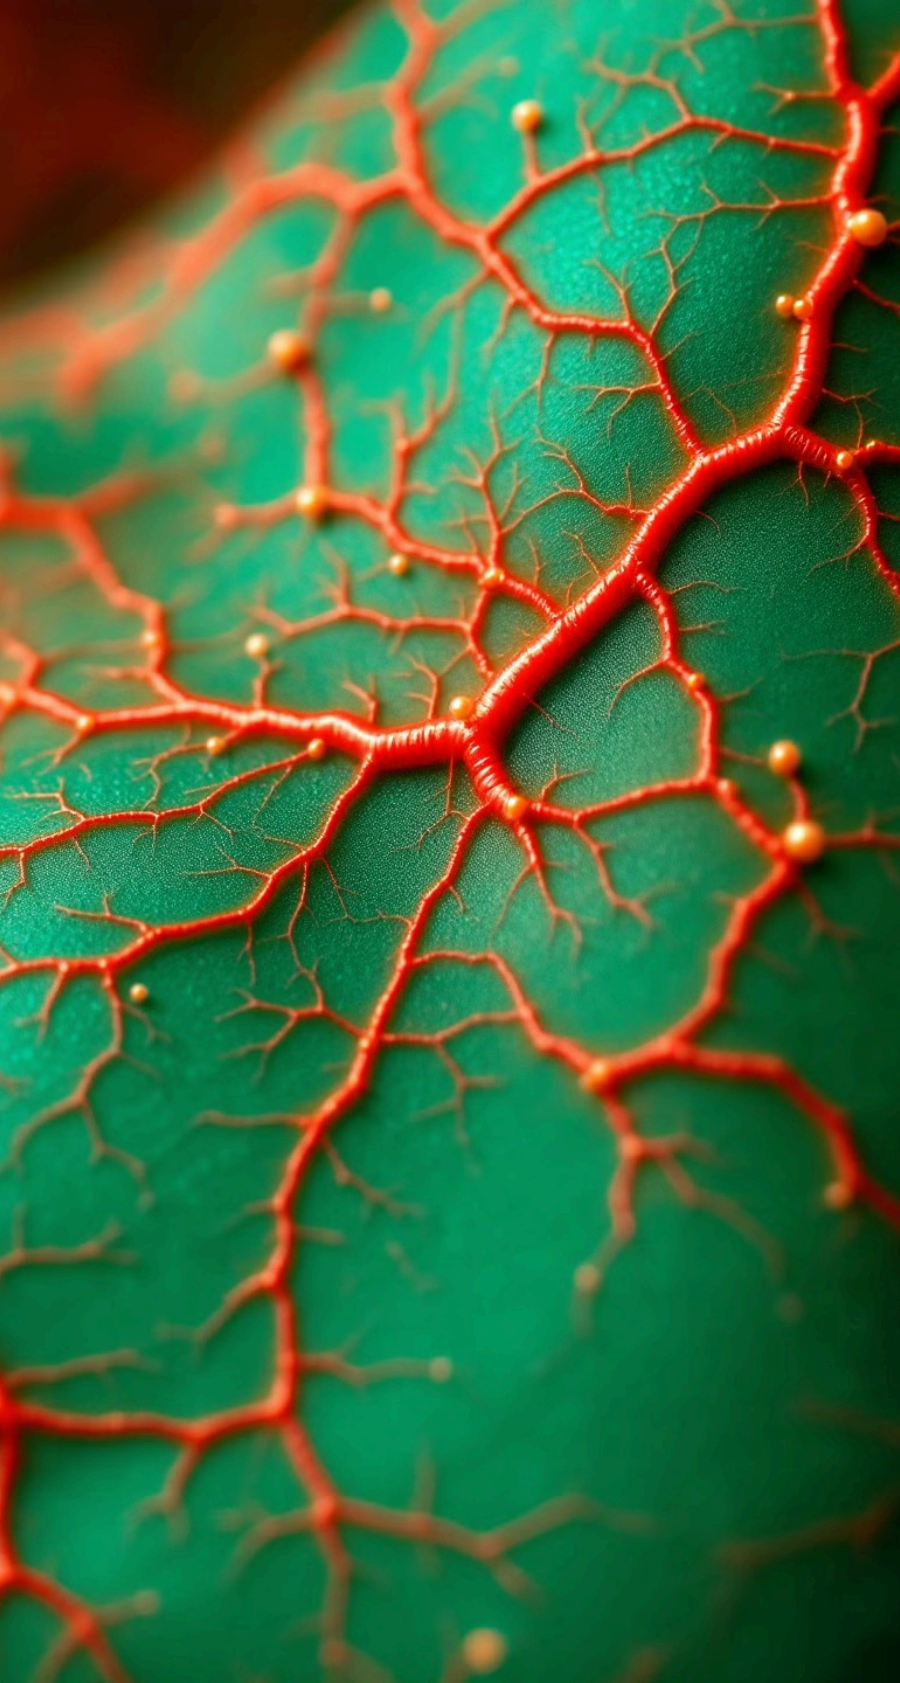

## Enzymes: The Biological Catalysts of Skin Health

- Over **3,000 enzymes in the human body** control all biochemical processes.
- DMK Enzymes stimulate **cellular metabolism, detoxification, and repair.**

## How It Works:

1. **Reverse Osmosis Technology** – Flushes out impurities at a cellular level (like kidney dialysis for the skin).
2. **Plasmatic Effect®** – Increases oxygen-rich blood flow for skin rejuvenation.
3. **Fibroblast Activation** – Boosts collagen & elastin production naturally.

Result: Your skin functions as it did in its prime—resilient, radiant, and strong!

# The Plasmatic Effect® – Visual Proof of Skin Activation

1

## Visual Indicator

Post-enzyme therapy, skin reveals a red vascular network (Plasmatic Effect®).

2

## Capillary Reaction

This indicates **deep capillary dilation and oxygenation**—proof of increased blood flow!

3

## Short-lived yet Powerful

The effect **fades within minutes**, leaving **skin deeply nourished and revitalized**.

4

📌 No other treatment stimulates skin like this—real change at a biological level.

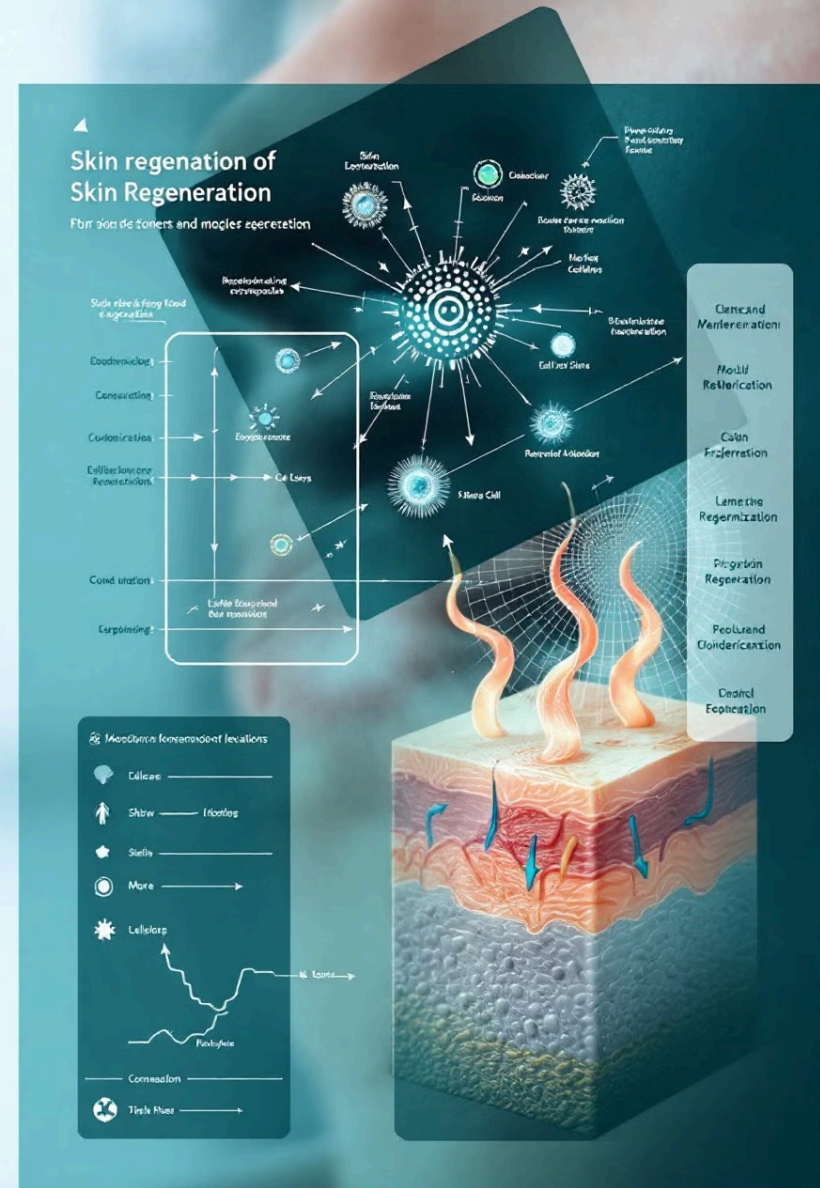

# Clinical Results – Backed by Science & Data (Part 1)

**Increase in collagen production by 30%** within 8 weeks.

**Reduction in acne & congestion by 70%** within 3 months.

**Reduction in pigmentation & uneven skin tone by 50%** in 12 weeks.

**Strengthened skin barrier function** → 90% improvement in hydration & elasticity.

## Clinical Results – Backed by Science & Data (Part 2)

Acne & Scarring  
Cleared

Skin Lifted,  
Firmed &  
Plumped

Pigmentation  
Significantly  
Reduced

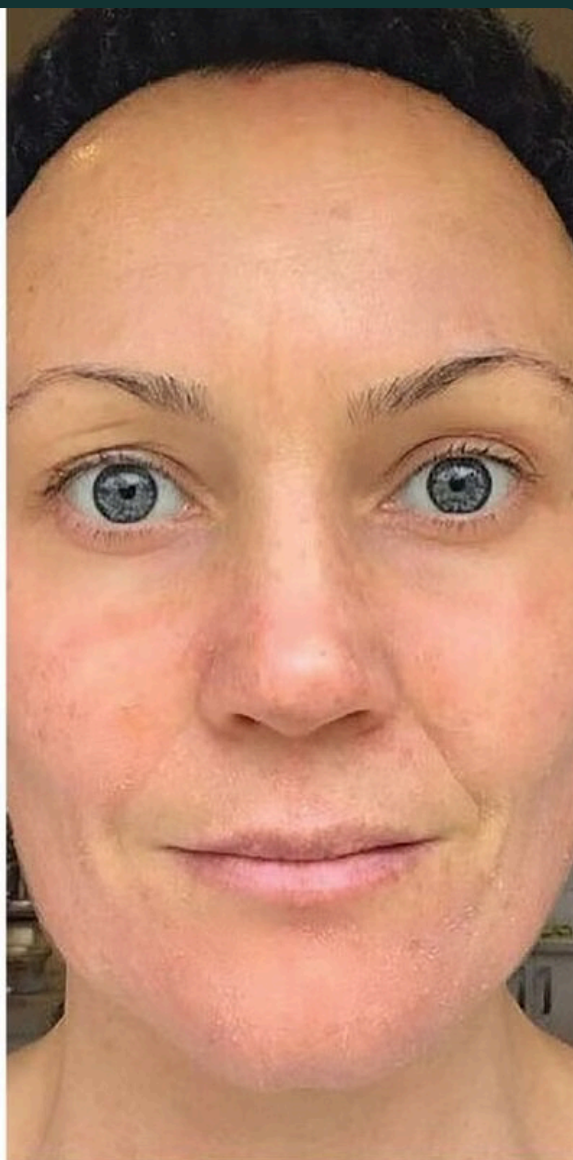

Science-backed, visible transformations.

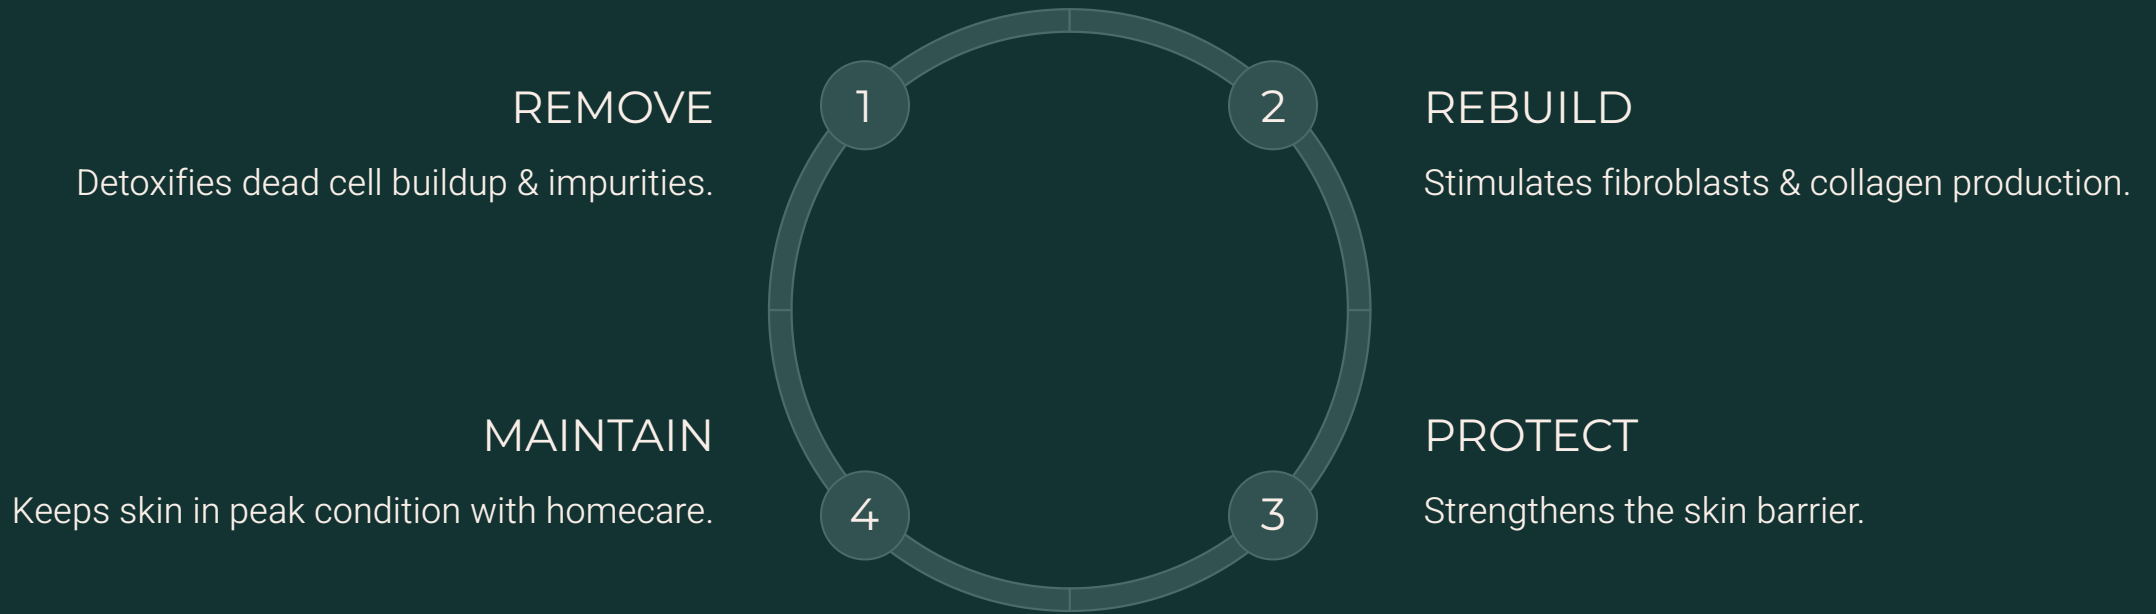

# Why DMK Is the Best Investment for Your Skin

- DMK Restores What Your Skin Has Lost Over Time:
- Detoxifies, oxygenates, and strengthens skin cells.
- Reverses signs of aging, acne, and pigmentation long-term.
- ✓ Boosts natural collagen & elastin production.
- Balances oil, hydration, and pH for a resilient skin barrier.
- ✓ Customizable for all skin conditions and concerns.

The most advanced skin revision system for long-lasting results.

# Review of the DMK 4-Step System

This review encapsulates the core of DMK's philosophy.

PRICING

Treatment	Regular Price	Tier 1 Price	Tier 2 Price	Tier 3 Price
DMK Enzymatic Facial	\$300	\$240	\$210	\$180

## A Personal Thank You from Me & My Team

To my incredible clients,

Thank you for trusting **me and my team** with your skin, your confidence, and your journey to feeling your best. Every time you walk through our doors, you're not just a client—you're part of something I've built with passion, integrity, and a deep love for what I do.

I promise to always be honest, to guide you with care, and to deliver results that you'll love—not just today, but for years to come. My team and I are here for you, every step of the way.

With all my gratitude,

**Sapana Dhakal**

Founder, **ILML Aesthetics**
