Dramatic Time Lapse of How a Woman's Skin Ages

"During the transition out of the reproductive years, women's estrogen levels gradually drop, with some of the earliest and most noticeable effects on the skin...."

Facial Aging

Sculptra's Journey: From HIV Lipoatrophy to Aesthetic Enhancement

1

1990s

Developed to treat facial fat loss associated with HIV.

2

2004

FDA approved for facial rejuvenation.

3

Present

Globally available and undergoing continuous research.

Understanding Collagen Stimulation: The Key to Natural Results

1

Sculptra stimulates your own collagen production, unlike fillers that just add volume.

2

This gradual collagen regeneration leads to natural-looking and long-lasting results.

3

Over time, your skin becomes firmer, plumper, and more youthful.

The Science Behind Sculptra: A Game-Changer for Anti-Aging

Sculptra isn't just another filler—it's a collagen stimulator that works with your body's biology to create long-lasting, natural-looking results.

1

PLLA Injection

Safe, biocompatible substance introduction

2

Fibroblast Activation

Body's natural healing response

3

Collagen Production

Rebuilding skin's foundation

4

Lasting Results

Gradual, natural rejuvenation

The regenerative process continues improving over time, with results lasting up to 2 years or more.

1

The Sculptra Advantage

Works with your body's natural processes

2

Long-Lasting Results

Results last up to 2 years or more

3

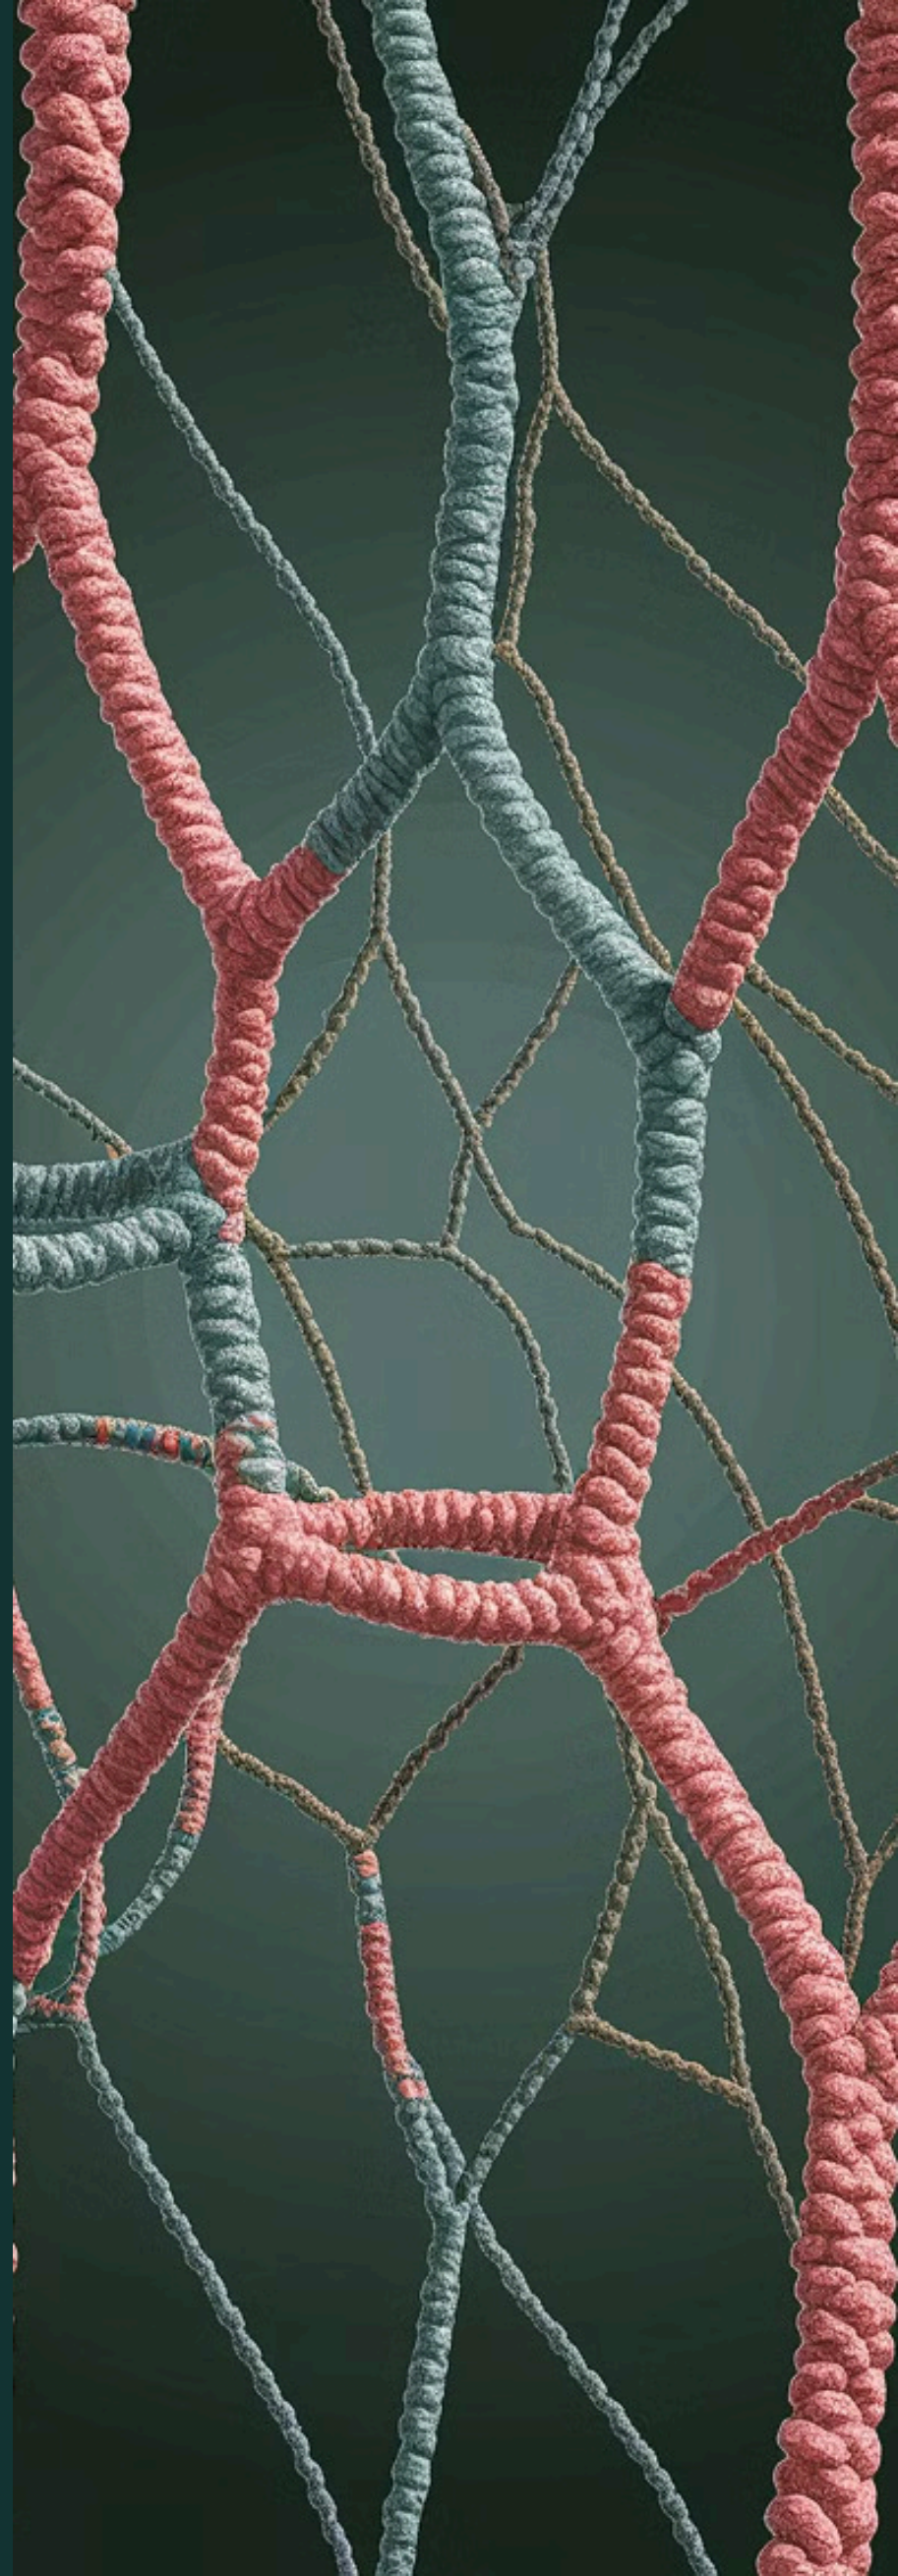

Natural Looking

Prevents artificial "pillow face" look

4

Safe & Compatible

Biocompatible and biodegradable

The logo consists of the letters 'H' and 'K' in a stylized, serif font, with the 'H' and 'K' joined together.

Hooman Khorasani, MD
Dermatologic & Cosmetic Surgeon

A cross-sectional diagram of human skin. The top layer is the epidermis, shown in pink. Below it is the dermis, also in pink, containing some branching structures. At the bottom is the subcutaneous layer, shown in yellow. A pink, gel-like substance is being injected into the dermis from a needle. The text 'Sculptra® Injections How It Works' is overlaid on the bottom left of the diagram.

Sculptra vs. Other Injectables: A Comparative Analysis

Sculptrra (PLLA)

A unique collagen stimulator that works gradually to restore volume through poly-L-lactic acid, ideal for treating face, neck, and hands with long-lasting results.

Hyaluronic Acid Fillers

Natural substance that provides immediate volume enhancement, perfect for treating specific lines, wrinkles, and adding volume to lips.

Neurotoxins

Precision treatments that relax specific muscles to smooth forehead lines, crow's feet, and frown lines through controlled muscle relaxation.

Treatment Areas: Facial Rejuvenation and Beyond

Face

Cheeks, jawline, temples, nasolabial folds, marionette lines.

Neck

Restore volume and improve skin texture on the neck.

Hands

Address volume loss and wrinkles on the back of the hands.

Sculptra offers comprehensive rejuvenation across multiple treatment areas, providing natural-looking volume restoration and improved skin texture wherever applied.

Clinical Data: Celebrating 25 Years of Regenerative Effects

25

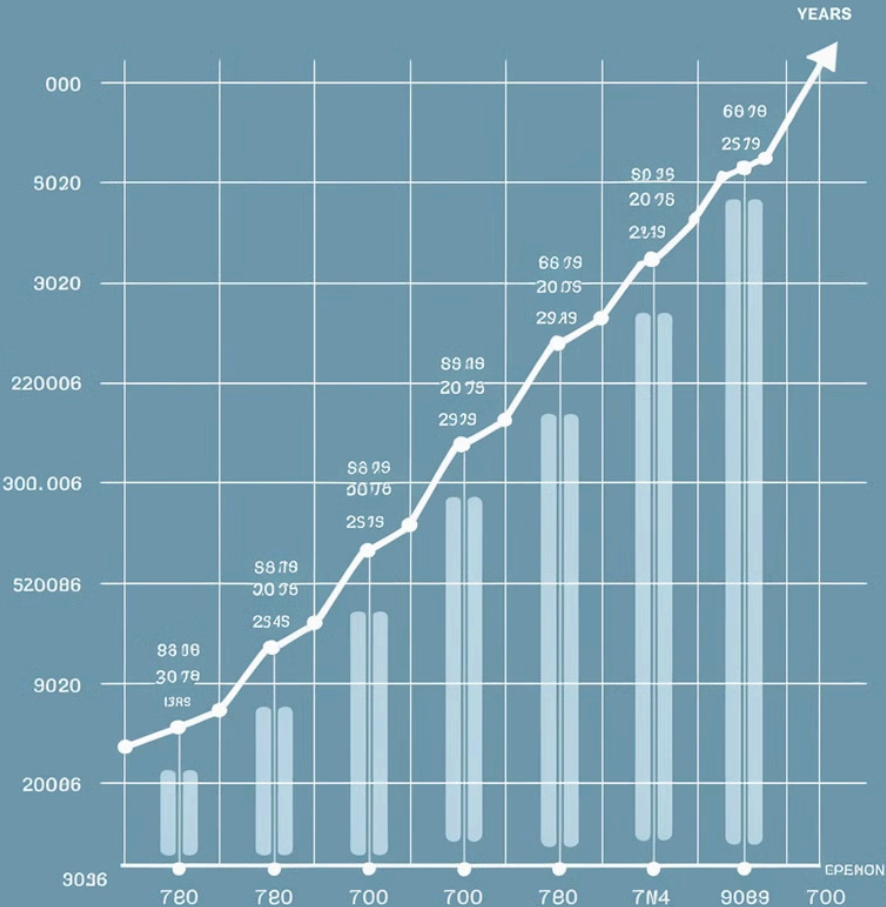

Years

Clinical data supports Sculptra's long-term effectiveness.

2

Years

Sustained results, lasting up to two years.

Sculptra Today: Global Availability and Future Innovations

1

Global Reach

Sculptra is available in over 80 countries worldwide.

2

Continued Research

Ongoing clinical trials exploring new applications and enhancements.

A Personal Thank You from Me & My Team

To my incredible clients,

Thank you for trusting **me and my team** with your skin, your confidence, and your journey to feeling your best. Every time you walk through our doors, you're not just a client—you're part of something I've built with passion, integrity, and a deep love for what I do.

I promise to always be honest, to guide you with care, and to deliver results that you'll love—not just today, but for years to come. My team and I are here for you, every step of the way.

With all my gratitude,

Sapana Dhakal

Founder, **ILML Aesthetics**
